

2nd Procurement & Contract Management of Infrastructure Projects Summit 2018

24 – 27 July 2018

Singapore

2ND PROCUREMENT & CONTRACT MANAGEMENT of INFRASTRUCTURE PROJECTS

24 - 27 July 2018, Singapore

EQUIP GLOBAL'S Procurement & Contract Management of Infrastructure Projects Summit 2018 Return to Singapore in July!

Budget overruns, schedule delays, poor quality, lower customer satisfaction, contract and procurement fraud, procurement risk, supplier-related issues and change in contract management. These are the biggest challenges still commonly faced by procurement & contract managers in the infrastructure industry.

This annual summit has been tailored to bring **high-profile decision makers from infrastructure project developers/owners and governments and ministries around the world** to provide unique insights on how can you managing spend creep and ensuring cost containment, finding the right means to ensure compliance to contracts, developing effective sourcing strategies, tactics in reducing procurement risk, and secrets of successful supplier relationship management.

In addition, this summit aims to explore and discuss case studies and practical strategies around the biggest procurement & contract management challenges faced by **procurement & contracts leaders of key infrastructure projects around the world!**
